SCANDINAVIAN DESIGN

Dear customer,

As per 01-01-2019 Elcee Sanitair B.V. will change its name to **Intra Benelux B.V.**

## Reason for name change

As you know Elcee Sanitair BV has been a part of the Intra Group since 01-10-2016. After the first market introduction, the integration of the portfolio and the operational organizations this is the logical next step for us. This way we want to further strengthen and build the Intra Group in the national and international market.

## Intra

The Intra Group is the Scandinavian market leader in the field of stainless steel sanitary, hygiene products, kitchen sinks and kitchenettes. Our vision is to be the most innovative supplier of high quality stainless steel products for kitchens and public sanitary areas.

## What does this mean for you?

The most important consequences of the name change are:

- The domain name of our website will be [www.intra-benelux.nl](http://www.intra-benelux.nl) (current deeplinks will still work)
- Our email addresses will end with [@intra-teka.com](mailto:@intra-teka.com)
- Name change of bank account holder

The change will only be a name change. All the other (legal entity, ownership, management, employees, activities, contracts, obligations, address details) will remain unchanged.
